

WILFREDO CASAS

SOFTWARE DEVELOPER, FILMMAKER, ENTREPRENEUR

Updated on February of 2024.

Since age 19, I've engaged in entrepreneurship, excelling in idea generation, prototyping, project management and guerrilla marketing. By 25, I was coding, dedicating over three years combined to full-stack development at a Berlin software agency and on my own small venture Jobdirecto. Recently, I've explored filmmaking, producing 20+ short films in a year. I'm good at getting creative and getting things done.

SOFTWARE

JavaScript, React & React Native, Node.js, MongoDB, SQL, Heroku, **DaVinci Resolve**, Jira, ChatGPT & Midjourney, **Adobe Creative Suit**.

4 SKILLS

EXPERIENCE AS A...

...SOFTWARE DEVELOPER

Endava (2020 - 2022)
Contributed to the development of various web and mobile applications using React and React Native, including the ARD+ app for smart TVs.

Jobdirecto and other projects (2019 - present)
Created the first version of Jobdirecto from scratch and I currently help the CTO to improve the site. I also prototyped about a dozen other apps and websites just for fun.

...FILMMAKER

2022 - Present
Wrote, directed and edited more than 20 short films within a year, one of which earned a special mention at Interfilm 2023.

...ENTREPRENEUR

Jobdirecto (2017 - Present)
Ideated and effectively connected tens of thousands of Hispanic immigrants with employment opportunities in New York.

Bamberg (2021 - 2022)
Developed a board game on a zero budget and raised €4,500 through crowdfunding, enabling production and small scale global distribution.
