Passionate filmmaker with a background in software development and project management, seeking to leverage my creative skills and technical expertise in a film production role. Experienced in directing, cinematography, project management and film editing, with a track record of 22 short films.

EXPERIENCE

INDEPENDENT FILMMAKER

2022 - Present

- Produced, directed and edited 22 short films with minimal budgets.
- Collaborated with a group of composers, cinematographers & actors.
- Managed the logistics and planning of increasingly complex shoots.
- One of our shorts was selected for Interfilm 2023, earning a special mention at the German competition.
- Recently shot our most ambitious short, which will be submitted to Berlinale Shorts 2025.

BOARDGAME DEVELOPER

2020 - Present

- Developed a board game called Bamberg from scratch, and it was licensed to a publisher in the UK.
- Rebought the license to further develop the game into an optimised version called Ayakucho.
- Currently working on the art with a top-tier artist based in Lisbon as well as searching for suitable manufacturers.
- Explore more at instagram.com/play_ayakucho

FOUNDER AT JOBDIRECTO

2017 - Present

- Designed and developed a platform connecting Hispanic immigrants with employment opportunities in New York.
- Partnered with my best friend, an exceptional software developer, to elevate the site even further.
- Continuously improving the site based on feedback to better serve our customers.
- Currently in the process of formalising into an Einzelunternehmen
